Target 2027

-30%

Target 2030

Green house gas emissions
versus 2020

ZERO

Carbon net zero

by 2050

Inclusive innovations that reduce CO2 emissions

Braille

Micro-embossed technology and raised QR code area

Orbit™

Makes jars' closures easy to open for everyone

Alternative to plastics

Award winning eco-designs that enable customers to eliminate plastic caps and inserts

Eviolink™

Communicate sustainability information individually

Ecopeel™

The new inclusive, efficient and eco-friendly can design with direct heat seal on the body saving up to 20% CO2

Horizon™

Recyclable, Customizable Ultra light metal overcap for dry products

ECOPEEL™

EVIOSYS

Inclusive: easier to open

Convenient: easy to completely pour

Efficient: 5X faster to fill

Sustainable: 20% CO₂ reduction
